Minor - Graphic Design

Dedicated Frontend Engineer fueled by a problem-solving mentality and adaptability in fast-paced, collaborative environments. Detail-oriented and investigative, with a passion for crafting user-friendly interfaces and efficient systems. Eager to join a forward-thinking team dedicated to reimagining what can be through innovative, intuitive, and dynamic web applications.

## EXPERIENCE

### FRONTEND DEVELOPER | [FREELANCE](#)

Denver, CO | 6.22 - Present

- Developed data-driven, interactive applications using React.js and Sanity.io, enhancing user experience and workflow efficiency.
- Developed interactive, responsive components with JavaScript and React.js for enhanced user experience and overall website functionality.
- Collaborated with product designers, employing a user-centric approach to create intuitive and scalable web components.

### HEAD BREWER | [EVERGREEN BREWERY](#)

Evergreen, CO | 7.21 - 2.22

- Managed operations, planning, and execution while maintaining organization, leading to improved performance and time management.
- Fostered continuous improvement through independent decision-making and minimal supervision, increasing product quality and sales.
- Communicated effectively with diverse team members, strengthening collaboration between technical and non-technical individuals.

### FOUNDER | [UNDERGROUND COOKIE CO.](#)

Denver, CO | 4.20 - 12.20

- Built and maintained a functional brand website with Shopify that focused on intuitive UX/UI, ensuring seamless customer interactions.
- Managed online presence by posting weekly flavor releases, achieving a follower count of 1500 within one month of full operation.

### BREWER | [DENVER BEER CO.](#)

Denver, CO | 8.17 - 3.20

- Analyzed customer evaluations, utilizing insights to design new products that contributed to a 30% growth in the company's brand portfolio.
- Led a cross-functional team to address scalability limits and balance workloads, enhancing overall efficiency and productivity.
- Adapted to a constantly evolving environment, showcasing the ability to learn new concepts and technologies quickly.

### GRAPHIC DESIGNER | FREELANCE

Since 5.13

- Delivered visually appealing designs with meticulous attention to detail, collaborating with cross-functional teams to exceed client expectations.

## PROJECTS

### BEER DROP | Next.js | TailwindCSS | Node | Express | MongoDB

- Informative app that provides detailed information about breweries' flagship beers. Used for quick and easy reference during customer service.
